

Bencillin Vet

(Amoxicillin Sodium BP)

Composition:

Each vial contains Amoxicillin Sodium BP equivalent to Amoxicillin 1 gm accompanied by one ampoule of 10 ml Water for Injection BP.

Indications:

Bencillin Injection is active against penicillin-sensitive gram positive and gram negative bacteria. It is effective against various diseases like mastitis, metritis, gastroenteritis, salmonellosis, calf scour, bronchopneumonia, pharyngitis, umbilical infection, foot rot, fever, campylobacillosis, urinary tract infection, black quarter, haemorrhagic septicaemia, joint infection etc.

Dosage & Administration:

The dosage of Bencillin Injection will vary according to severity of infection, previous treatment history and animal's response to the treatment. The recommended dosage for cattle is 6 to 11 mg per Kg once or twice daily and for dogs and cats 5 to 11 mg per Kg trice daily for 2-3 days. Treatment should not continue beyond 5 days. Maximum volume per injection site should not exceed 30 ml. Bencillin Injection must be reconstituted by adding 10 ml of sterile WFI for administration.

Animal	Body Weight	Daily Dose
Cattle	20 Kg	1.5-2.0 ml
	40 Kg	2.5-4.0 ml
	100 Kg	6.0-9.0 ml
	120 Kg	8.0-10.0 ml
Cat and Dog	10 Kg	1.0-2.0 ml
	20 Kg	2.0-4.0 ml

Or, as prescribed by the registered veterinary doctor

Contra-indication:

Bencillin Injection is contraindicated in animals hypersensitive to active ingredient.

Use in Pregnancy and Lactation:

Bencillin Injection is safe during pregnancy & lactating period.

Side Effects:

Bencillin Injection is non-toxic and has no remarkable side effects at recommended dose. Sometimes hypersensitivity reactions and digestive instability may occur.

Drug Interaction:

Bacteriostatic antibiotics may decrease the efficacy of Bencillin Injection by depressing the activity of target cells.

Withdrawal period:

Meat: 25days, **Milk: 3 days 6 hours.**

Storage:

Protect from light, store in a cool & dry place and keep out of reach of children.

Presentation:

Each pack contains one vial of Bencillin vet 1 gm Injection accompanied by one ampoule of 10 ml Water for Injection.
